

TECHNICAL SPECIFICATION SHEET

PTFE Sleeve

UP TO 260 DEG C

Technical Detail

Design Standard	: JSS 51034
Size	: As per customer requirements.
Insulation	: Wrapped & Sintered PTFE (Teflon) Insulation
Identification	: As per customer requirements.
Cable Temperature Range	: Up to 260 Deg C

Special Features

Max. Temp. Up to 260°C
Good Chemical Resistant
Low Dielectric Constant
Very Low dissipation factor
High Temperature Resistant
Good Abrasion Resistance
Non-Flammability
Passes JSS 51034 Flame Test
